	GM 4000 mandatory shipping means: GM 4000 shipping crate (#2450010) and Pier adapter (#1454090) both are necessary items when the mount will be shipped by a forwarder. Shipping charges will be calculated individually for each destination and will be billed separately. The Pier adapter #1454090 will be needed later when mounting the GM 4000 onto a dual wall Baader Pier or a customised Pier. This strong plate of solid steel (w. centering flange !) is mandatory not only for securing the mount on the pallet during transport but also later to translate the full loading capacity of the mount into the pillar.		

All prices incl. 19% VAT - additional shipment-cost.

Delivery-time for GM 2000 QCI: about 2 months

Standard-color: steel-grey. Ferrari-red or DeepSky-blue upon inquiry – longer delivery-time!

We can deliver permanent piers with 100kg weight in every height for installation in observatories.
